7S	Au Ching Yee	區靖怡	Li Chi Kit	李志傑

Address by the Principal

Dear Mr. Chen, distinguished guests, parents, teachers of the school, boys and girls of BSTC, ladies and gentlemen,

Let me extend my warmest welcome to our guest of honor for the graduation ceremony this afternoon, the Under Secretary for Education of the Government of the Hong Kong Special Administrative Region, Mr. Kenneth Chen Wei-On JP. Mr. Chen graduated with High Honours from Princeton University with a Bachelor of Science Degree in Electrical Engineering and Computer Science. He also holds a Master of Science Degree in Applied Mathematics from Harvard University and a Master's Degree in Business Administration from the Wharton School of the University of Pennsylvania.

Since assuming his current position in July 2008, Mr. Chen has worked closely with the Secretary for Education to oversee the formulation and implementation of education policies in Hong Kong.

In particular, Mr. Chen is a key advocate of the use of information technology in schools to improve learning and teaching. To date,

a pilot scheme involving over 60 primary and secondary schools has been launched. Also, a depository of e-learning resources has been developed and an electronic trading platform is expected to commence full operation in 2012. All these have served to lay a solid foundation for enhancing the use of information technology progressively in local schools.

This afternoon, we are together again to celebrate the graduation day for our form 6 & form 7 graduates. I can see many old and familiar faces, eagerly looking around for their classmates and teachers. We can still recall the memorable time during the farewell party for S6 & S7 students. Form 6 students, I want to share my unique feeling with all of you this afternoon, as you are the first batch of NSS students taking the DSE exam, whereas the S7 students were the last batch to take the Hong Kong Advanced Level Examination. We have been talking about the 334 NSS curriculum since 2002, now we will have the first batch of NSS graduates and the DSE will announce the results on July 20th. Time flies and now you have already finished your Secondary 6 education. You are moving on to the next stage of life facing different challenges and difficulties. I hope you will find the new education system and your learning experience fruitful and

enjoyable. Do remember that we have already a briefing session about the D –day for the results release on July 14th, which is a Saturday. Please do come back with your parents as we will disseminate the most updated information that morning.

Form 7 graduates, you will receive your A-level results next Friday. No matter what results you get, you are lifelong members of the BSTC community. We hope that the BSTC years have left fond memories in your mind. We also hope that our caring and supportive culture on the school campus has left its fruits in your heart and the value of this culture will continue to enrich your life. I am confident that you will succeed and make the best of your life.

Last but not least, I would like to use a few minutes to introduce the two souvenirs that the school has prepared for every graduate. This is the first time in my principalship that I have wanted to prepare two souvenirs for graduates. The first one is a file clip for your graduation certificate and the Student Learning profile. Besides, I hope you will continue to read, hence the second souvenir is a bookmark with our school name and logo on it. I

hope you will treasure all your happy memories and learning experiences in BSTC.

Today we are much honored to have with us Mr. Chen. Two years ago, Mr. Chen worked closely with me and other secondary school principals on the class optimization policy for over 200 secondary schools. I also joined an exchange trip with Mr Chen to Beijing. Mr. Chen has impressed me as an amiable and enthusiastic official who is always willing to listen and accept constructive opinions and suggestions. I would also like to take this opportunity to wish Mr. Chen all the best in his future career and family life. I also look forward to working with Mr. Chen in other areas.

I am sure you are all waiting eagerly for Mr. Chen's inspiring speech later on. Let's give a big hand to welcome our guest of honor, Mr. Kenneth Chen Wei-On, JP.

Vote of Thanks 2012

Good afternoon Mr Chan, Mr Ho, parents, teachers and fellow schoolmates,

Firstly, I warmly congratulate my fellow graduates. Today is a day when we have a sense of completion, because our hard work in secondary school life is recognized. And graduation day can be full of emotions too, because it is also a day for reflection on where we have come from, and where we are going in the future.

Some of us may already have a clear and resolute plan of future, while some may still be struggling. Yes, our future path may still be uncertain, but I believe what we have learnt in Sin Tak will back us up.

It is a place where we met our life-long friends, it is a place where we are provided with the solid framework for our learning and various experience, and it is a place where we are nurtured to overcome challenges and pursue our dream.

Today also belongs to those who have supported us in practical ways behind the scenes—our teachers and families.

Through the dedication of our teachers, we have learnt so much.

With their wealth of knowledge, they have given us enduring foundations in our chosen fields of study. They have nurtured talents that we perhaps lost sight of, or didn't know we had. They have given us the compasses so we can make our own discoveries.

We have made it today, and our achievement is indeed also YOURS.

Our principal Mr Ho is one of my teachers. I once asked what wisdom he had for me now. True to form, his advice was short and sweet. It was one word: **perseverance**.

And yes, it is through perseverance that we arrived here today. As we go forward, there are no shortcuts. It is through perseverance again we will achieve our future goals.

Along with the memories and knowledge we acquired in Sin Tak, let us show our thanks by using our education to be the best we can.

Today I am proud to say that I graduate from Buddhist Sin Tak College.

Thank you.
