# Address by the Principal

26<sup>th</sup> June 2015 – Graduation day

Welcoming speech for the graduation day 2015

Dear Dr Tong, school managers, distinguished guests, parents, teachers and students of BSTC, ladies and gentlemen,

Let me extend my warmest welcome to our guest of honor for the graduation ceremony this afternoon, Dr Tong Chong-sze 香港考試評核局秘書長 唐創時博士. Dr Tong assumed the role of Secretary General of the Hong Kong Examinations and Assessment Authority (HKEAA) in April 2011; he leads the Secretariat and oversees the administration of both public examinations and international and professional examinations. Under his leadership, the HKEAA has successfully implemented the Hong Kong Diploma of Secondary Education Examination (HKDSE), a key milestone in the Education Reform of Hong Kong. The major innovations he has introduced include the adoption of Standards-referenced Reporting, Onscreen Marking, Oral Recording System for speaking examinations and the enhancement of quality assurance mechanism for marking and grading. Dr Tong tirelessly promotes the HKDSE, which is now well established and widely recognised by overseas education institutions. Apart from institutions on the Mainland and in Taiwan, HKDSE graduates are welcomed by hundreds of higher education institutions around the world.

Dr Tong has rich work experience in tertiary education and was the Academic Registrar at the Hong Kong Baptist University prior to joining the HKEAA. He played a pivotal role in the development of the 4-year

degree programme structure and in ensuring standards across all faculties and departments in the university. Dr Tong was twice awarded for his many contributions to the university - he received the inaugural President's Award for Outstanding Performance in Teaching in 2001, and the President's Award for Outstanding Performance in Service in 2006.

Dr Tong was educated at Cambridge University, where he received his Bachelor's, Master's, and PhD degrees. He is a Chartered Scientist, a Chartered Mathematician, a Fellow of the Institute of Mathematics and its Application in the UK, and a Council Member of the Society of Hong Kong Scholars.

This afternoon, we are together again to celebrate the graduation day for our form 6 graduates. I can see many old and familiar faces, eagerly looking around for their classmates and teachers. We still remember the memorable time during the farewell party for last year's S6 students. Time flies and now, dear graduates, you have already finished your Secondary 6 education. You are moving on to the next stage of life facing different challenges and difficulties. I hope you will find your learning experience fruitful and enjoyable. Do remember that we have already arranged a briefing session for the "D-day", the day the results will be released, on next Saturday, July 4<sup>th</sup>. Please also invite your parents to come with you that day if they have time, as we will disseminate the most up-to-date information that morning.

I would like to share with you three messages just to echo the message from the Vice-Chancellor of CUHK, Professor Joseph Sung, for his university graduates. First, I hope you will remain humble and always grasp every opportunity to learn more new things, so as to stand yourself in good stead for important responsibilities in the future. Secondly, I hope Sin Tak graduates will not just treasure materialistic rewards and will strive to uphold core values such as love, justice, care, etc. I am sure your happiness and success in life will not depend solely on how much you will earn in future, there are surely more important things in life that we should pursue and work hard for. Thirdly, I hope you will keep your mind open and critical in face of controversial issues. Knowledge will not be able to help you solve all problems but independent and critical thinking is vital for a fruitful and meaningful life in your future.

Last but not least, I would like to mention the two souvenirs that we have prepared for every graduate. The first one is a file clip for your graduation certificate and the Student Learning profile. And, I hope you will continue reading to enrich your knowledge; hence the second souvenir is a bookmark with our school name and logo on it. I hope you will treasure all your happy memories and learning experiences at BSTC.

Today we are very honored to have with us Dr. Tong as our guests of honor. During the annual dinner of the HKEAA this year, I invited Dr. Tong to be the guest of honour for this ceremony and he was so kind to receive the invitation immediately, despite his hectic schedule. Through my involvement in some work concerning the HKDSE, I always find that

different stakeholders have much more expectations of the performance of the HKEAA, than validity, reliability, cost-effectiveness and user-friendliness. Hence I imagine many challenges will continue to come the way of the HKEAA in the years to come. Yet with the commitment and superb leadership of Dr Tong, I am very confident that the challenges will be overcome and the HKDSE will continue to improve and remain a signature milestone in the education reform in Hong Kong. I would like to take this opportunity to wish Dr. Tong continued success in his challenging role as the Secretary of the HKEAA.

I am sure you are all waiting eagerly for Dr. Tong's inspiring speech. Let's give a big hand once again to welcome our guest of honor, **Dr. CS Tong**.

Mr. Jack Ho Moon Tim

Principal, Buddhist Sin Tak College

# VOTE OF THANKS 2015

Good afternoon **Dr. Tong**, Mr.Ho, parents, teachers and fellow schoolmates.

Today is our big day. A day of completion, a day of congratulations , a day of gratitude, but yet a day of farewell.

Since Day 1 of studying in Buddhist Sin Tak College, we have been bestowed upon the responsibility to witness or even alter the course of history of Hong Kong.

Despite rapid and fundamental social changes, Buddhist Sin Tak College has remained and will remain as our safe-house, protecting us, fostering our all-round development and bringing us up as leaders of the society. Hence, I would like to take this chance to express my praise and gratitude for all the people that have made Buddhist Sin Tak College become our family and our home.

Firstly, I would like to thank all the teachers for standing by us for the last 6 years. No matter how many challenges we have encountered, what types of problems we have faced, teachers, acting as our parents in school, have always been more than willing to lend a helping hand. Not only have our teachers taught us knowledge, but also morals, values and lessons that have shaped us as responsible, critical, independent and perseverant citizens. To all our teachers, thank you so much!

Secondly, I would like to express my greatest gratitude to all our parents. These 6 years have been relentless and harsh, especially the last 3 years. SBA, IES, ECA, loads of tasks named with Morse codes have been bothering us, making us stay at school until 7 o'clock and work overnight. Nevertheless, we have never walked alone as bowls of nutritious soup and our favourite dishes are always there for us. To our parents, we would never be here without your care and support. Thank you so much.

Lastly, our fellow schoolmates, please thank yourselves. Today is your big day, a day of completion, but also a day of transition. For the past 6 years, we have been confronted with pressure from different sectors, family, friends, teachers and yourselves, especially during our DSE exam. Now, all is over and completed. Nonetheless, an ending is only a transition for a beginning. Bear in your minds how you have coped with all these difficulties and problems and how you manage to stand in a storm as there are more challenges yet to come in the future. Today, you should be thankful to yourselves and equip yourselves with your own experience so as to continue your own journeys and pursue your own dreams.

Schoolmates, this is the end, the finale and the closing, but I am sure there will be a sequel to this epic saga.

Schoolmates, please do me a favour, rise with me. Please give your greatest and most whole-hearted applause to our home for one last time. Buddhist Sin Tak College , goodbye and thank you.

## ORGANISING COMMITTEE

Overall co-ordinator :	Wan Ka Yin 溫家然(6C)
Masters of Ceremony :	Tan Kai Teck Desmond 陳凱德(6F) Or Wing Lam 柯穎琳(6A)
